

**Von Steuben Metro Science Center** is excited to bring back for the second year in a row two fun and hands-on engineering camps for elementary students. Von's Project Lead the Way pre-engineering program will host 20 elementary students for each camp. Registration is first come, first serve. All camps will be held at Von Steuben: 5039 N. Kimball Ave.

Camp fee of \$20 includes a free t-shirt. Camp fees are due on Day 1 of the camp.

### **Introduction to Engineering - rising 5th/ 6th graders**

July 13th and 14th (8:00 AM - 12:30 PM)

July 18th and 19th (8:00 AM - 12:30 PM)

July 20th and 21st (8:00 AM - 12:30 PM)

I.T.E. will provide students with an experience from four general engineering fields: Chemical, Civil, Electrical, and Mechanical. The students involved will create a self made mini-book summarizing the four fields and reflecting on their interest within that field.

### **Fun, Robots, Engineering and Technology - rising 7th, 8th and 9th graders**

August 3rd -4th (8:00 - 11:00)

August 3rd - 4th (12:00 - 3:00)

FREAT will be a camp to expose middle school and incoming Von students to the mechanics and computer programming of robotics. The second day will be a robotics competition led by the Von Steuben camp counselors.
